

# THROUGH THE LENS

Choice - Safety - Collaboration - Empowerment - Trust

Volunteer's week took place during the week of 1 - 7 June 2022 and the team at RLP Crafty Kids were delighted to be nominated for Clacks Central (Sauchie & Fishcross) - Community Group of the Year. Two members of the team were also nominated for Outstanding Individual Community Contribution.

The team attended the awards ceremony held at the Sauchie Community Hall on the 2nd June and were ecstatic to be announced winners in the category of **Community Group of the Year (Central)**.

With so many other fantastic organisations within the Wee County doing such sterling work to benefit and uplift the local community, it truly is an honour to have received this award. Well done to the entire team!

A massive thank you once again to Clackmannanshire Third Sector Interface (CTSI) for hosting yet another successful awards week and for recognising the effort, dedication and hard work that Volunteers do.

We would also like to take this opportunity to congratulate all the final winners chosen at the final awards ceremony held on 9th June - well done to each and every one of you!

Resilience Learning Partnership's own board member, Julie Haslam, was also nominated for **Central's Trustee Of The Year** and was delighted to be the winner in this category.

**Congratulations on a phenomenal achievement Julie!**

# THROUGH THE LENS

Choice - Safety - Collaboration - Empowerment - Trust

Resilience Learning Partnership (RLP) would like to say a huge thank you to the Faculty of Health Sciences and Sport, the Mental Health Nursing team, teaching team & students who very kindly decided to raise funds for RLP this year. Wanting to address the disconnection some students may have been facing due to teaching having moved online due to the pandemic, they decided to virtually walk the length of the UK twice to raise a target of £1000. They surpassed this target, and we are so very grateful for their efforts.

UNIVERSITY of STIRLING

The funds raised will help RLP support people who don't fall within our current funding streams. When people don't fit into funding streams, it can mean that we are working with them without being resourced to do so. As a social enterprise it can be hard to manage this sometimes, however having a discretionary pot of funds that we can access to support those we work with is absolutely vital in ensuring that we can meet the needs of everyone we work with. This money will sit with other funds raised and will go towards things like clothing grants, emergency payments, food, electricity & gas and other reasonable expenses people may need to live. Again, we would really like to thank the Faculty of Health Sciences and Sport, the Mental Health Nursing team, teaching team & students and we look forward to this initiative being a more regular feature in our fundraising activities.

We launched our very first Strategic Plan; *'Coproducting Change: facilitating the role of lived experience in Scotland'* in December 2021.

If you haven't had the chance to read it yet please click [here](#).

We hope you enjoy reading it and we welcome any feedback or suggestions you may have in relation to the document itself or our work more widely.

RLP is a social enterprise. Social enterprises are businesses that are changing the world for the better. Like traditional businesses, they aim to make a profit but it's what they do with their profits that sets them apart – reinvesting or donating them to create positive social change. Social enterprises are in our communities and on our high streets – from coffee shops and cinemas, to pubs and leisure centres, banks and bus companies. If you would like to donate to RLP please follow the link below.
